

Mr. M. S. Rajani Kanth
Assistant Professor
Department of Computer Science & Applications
Shri Gnanambica Degree College (Autonomous),
Madanapalle, Andhra Pradesh

Mr. M. S. Rajani Kanth is an Assistant Professor in the Department of Computer Science & Applications with more than 24 years of teaching experience in Computer Science, programming, and interdisciplinary academic studies. He is an ex-serviceman of the Indian Armed Forces and is actively engaged in academic, research, and value-based educational initiatives.

His areas of interest include Artificial Intelligence, Indian Knowledge Systems (IKS), Human Values, multidisciplinary education, and emerging technologies. He specializes in Java programming, Outcome-Based Education (OBE), and innovative teaching methodologies that integrate conceptual clarity with practical and ethical perspectives.

He has published 8 research papers in the field of Indian Knowledge Systems and multidisciplinary studies and has authored 3 books related to Indian philosophy, consciousness studies, value-based education, and Indic knowledge traditions.

Mr. Rajani Kanth has participated and contributed as a Resource Person in Faculty Development Programmes (FDPs), workshops, seminars, and academic conferences related to Artificial Intelligence, Human Values, and Indian Knowledge Systems. He has also organized and mentored various student-centric academic and technical activities aimed at holistic development and skill enhancement.

With a blend of academic expertise, interdisciplinary orientation, military discipline, and commitment to ethical education, he continues to contribute towards academic excellence and transformative learning practices.
